  - **Other Business** –
  - Traffic calming – AB to respond to Highways to suggest relocation of bus stop to allow new planned crossing
  - Glororum path to Bamburgh – more concerns received regarding pedestrians walking this route, especially now in the winter months - AB had spoken with Castle Estates but there was still no funding to compensate for loss of income from lost land. AB to contact National Landscapes to check if there have been any changes to funding streams etc. Subject to above possible suggestion that this to be on next months agenda and request all parties to attend meeting to discuss. (subsequent discussion with Castle Estates makes this unlikely)

**Date of next meeting – Thursday 12<sup>th</sup> December 2024**
